Biofeedback: Owned by the Association for Applied Psychophysiology and Biofeedback, 10200 West 44th Ave., No. 304, Wheat Ridge, CO 80033-2840. Published by Alliance Communications Group, 810 East 10th Street, Lawrence, KS 66044-8892; phone: 785-843-1235; fax: 785-843-1274; email: acg@alliancepress.com.

Editor: Donald Moss, PhD
SEMG Division Editor: Randy Niblett, MA
EEG Division Editors: Lynda Kirk and Dale Walters, PhD
Managing Editor: Melissa Redenbeek, phone: 785-843-1235 ext. 240; fax: 785-843-1274; email: mrdenbeek@acgpublishing.com

Publisher: Alliance Communications Group, Angela Fine

Advertising: Display advertising inquiries and correspondence related to advertisements should be directed to Denise Townsend, phone: 940-722-0272; fax: 940-716-9382; email: dtownsend@earthlink.net.

Editorial Statement: Articles should be submitted via email to the Editor at dmoss@syatx.net. As previously unpublished submissions and should conform to American Psychological Association (6th Edition) format, especially the citations and reference list. Articles should be journalistic, telling the story of an application, research topic, or treatment approach. Submissions should be in Microsoft Word or WordPerfect format and double-spaced. Features should be 5,000 to 8,000 words; department articles, 700 words; and letters to the editor, 250 words. Articles should include an abstract of about 80 words and up to 5 keywords. Include city/state, main professional affiliation information, a digital headshot photo for each author, and a complete physical and email address for the corresponding author. The Editor is not responsible for the loss or return of unsolicited articles.

Figures and Tables: Keep tables and figures to a minimum (see APA 5 for guidance). Figures should be submitted separately as JPEG, TIFF, or EPS files of 200 dpi or greater. Call out all figures and tables in text. Provide a list of captions for all figures after the references; do not embed captions in figures. If using or adapting figures or tables from another source, get permission from the original publisher, and provide complete citation information from the original source. If using a photo of an identifiable person, get a written release with permission to use it in print.

The statements and opinions in the articles of the journal are solely those of the individual authors and contributors and not of the publisher or the Association for Applied Psychophysiology and Biofeedback.
**Introducing the New 2EW Wideband Module**

**NEW 2.5 SOFTWARE!**

2.5 Clinical Pro offers clinicians two software packages in one. Clinical training software for the clinic as well as our new supervised remote training feature. Perfect for home, school or corporate remote training clients when deemed appropriate or necessary. Approximately 100 new enhancements, additional games, improved screens, sounds and dolphin animation are included. 2.5 software empowers the clinician to be in control of session setup and control for all sessions in the clinic and remotely. Many new features including: autothresholding; electrode ID's in protocol; Session Librarian; Peak-to-Peak and RMS scales; MINI-Q option, HEG option, additional Animation options and more!

Full Package #1-7: Minimum recommended for Neurotherapy
  includes priority mail
$195.00

Full Package #1-6: Without report (1-6 only):
  includes priority mail
$165.00

1. NixLink – NYU/E. Roy John Normative Database-Eyes Closed
   $60.00

2. Eureka! – Nova Tech EEG LORETA Analysis System and
   Adult Normative Database-Eyes Closed
   $60.00

3. Map Insight – Nova Tech EEG QEEG/Topographic Analysis System and
   Adult Normative Database-Eyes Closed
   Power, Relative Power, Power Ratios,
   $60.00

   A. Eyes Closed Linked Ears Z-scores
      $60.00
   B. Eyes Open Linked Ears Z-scores
      $60.00

5. Neurep - W. Hudspeth QEEG Analysis System
   A. Eyes Closed - Weighted Average, Z-scores, Magnitude,
      % Power, LaPlacian, Average Spectrum, coherence, connectivity
      $60.00
   B. Eyes Open - Weighted Average, Z-scores, Magnitude,
      % Power, LaPlacian, Average Spectrum, coherence, connectivity
      $60.00

6. Thatcher TBI Discriminant Analysis and Severity Index
   $60.00

7. Clinical Correlations and Neurotherapy Recommendations
   by Bob Gurnee
   Value $540.00

8. Conventional Medical EEG - Read by Neurologist
   $125.00

9. Eureka! – Nova Tech EEG LORETA Analysis - Eyes Open-Non Database
   $60.00

10. Map Insight – Nova Tech EEG QEEG/Topographic Analysis
    Eyes Open – Non Database Power, Relative Power, Power Ratios
    $60.00

11. SKIL Topographic Analysis - Sterman/Kaiser Imaging
    Eyes Closed or Open, or Task - Clinical and CoModulation Topographic
    Maps (data and stat) Topometric Display for Delta, Theta, Alpha, SMR,
    Beta 1 and Beta 2
    $60.00

    Weighted Average, Z-scores, Magnitude,
    % Power, LaPlacian, Average Spectrum
    $60.00

13. Supervision and Training Hourly Rate
    $100.00

14. Extra set of Printed Maps
    $35.00

15. Q-Metrix Medical Reports
    $350.00

16. Overnight Shipping & Handling
    Additional $8.50

Total Order $ 

Payment must accompany orders. Upload EEG or mail on CD or Zip Disks. Mail check or call/fax with Mastercard, Visa or Discover information. Receive printed Maps in mail or download from our website.

Information for Readers

Postmaster and change of address: Send address changes to Biofeedback, PO Box 1897, 810 East 10th Street, Lawrence, KS 66044-7897 USA. AAPB members should send change of address to the Association for Applied Psychophysiology and Biofeedback, 10200 West 44th Ave., No. 304, Wheat Ridge, CO 80033-2840; phone: 303-422-8436; fax: 303-422-8894; email: aapb@resourc.center.com.

Claims: Claims for missing issues can be honored only up to 3 months for US recipients or up to 6 months for subscribers outside the USA. Single copy prices ($40 for U.S./$47 for foreign) will be charged for missing issues older than 3 months (6 months outside the USA). Send claims to Biofeedback, PO Box 1897, 810 East 10th Street, Lawrence, KS 66044-7897; phone: 785-843-1235; fax: 785-843-1274; email: aapb@resourc.center.com.

AAPB membership: Biofeedback is a benefit of membership in the Association for Applied Psychophysiology and Biofeedback. For membership information and an online application visit the society's website at www.aapb.org or contact the society at Association for Applied Psychophysiology and Biofeedback, 10200 West 44th Ave., No. 304, Wheat Ridge, CO 80033-2840; phone: 303-422-8436; fax: 303-422-8894; email: aapb@resourc.center.com.

Reprints: Individual reprints are available from the authors, but quantity orders (more than 100) must be purchased from the printer. For price quotations and delivery information, contact Brendan O'Brien, Alliance Communications Group, 810 East 10th Street, Lawrence, KS 66044-7897; phone: 785-843-1235 ext. 235; fax: 785-843-1274; email: bobryhim@aapgpublishing.com.

Copyright: Material printed in Biofeedback is covered by copyright. All rights are reserved. Except under circumstances within "fair use" as defined by the copyright law, no part of this publication may be reproduced, displayed, or transmitted in any form or by any means, electronic or mechanical, including photocopying or by an information storage and retrieval system, without the prior written permission of the copyright owner, the Association for Applied Psychophysiology and Biofeedback. M.A. and Ph.D. degrees in Psychology or Human Science with a concentration in Integrative Health Studies

Study with pioneers of Complementary and Alternative Medicine (CAM)

Jeanne Achterberg, Lyn Freeman, Don Moss
and Saybrook's outstanding faculty

- Experience the power and convenience of Saybrook's individualized mentored distance study
- Create your own unique program integrating your personal learning journey at the frontiers of CAM
- Learn the skills and strategies to compete successfully for NIH research funding of CAM and mind-body topics
- Work with research faculty exploring human energy fields, traditional healing, imagery and distant healing intentionality

Low Energy Neurofeedback System (LENS)

Multi-Level (Introductory to Advanced) Training

Throughout this training session, attendees will learn the simple but powerful LENS protocols and techniques that use up to 3 1/2-minute treatments, and an average of 13 sessions, to help ameliorate the symptoms of TBI, PTSD, Childhood Developmental and Autistic Spectrum Disorders, Fibromyalgia, Chronic Fatigue, and other disorders.

In-depth discussions include brain mapping and other evaluations, treatment planning, feedback administration, and treatment evaluation.

Multi-level (introductory to advanced) 4-day training

**New Orleans:** November 4-7, 2005

**New Paltz:** December 2-5, 2005*

**Futurehealth Winter Brain Meeting:**

Palm Springs, February 3 - 7, 2006*

**AAPB Annual Meeting:** Portland, Oregon, April 6-9, 2006*

* Presented in conjunction with Stephen Larsen, Ph.D.

Full Four days: $750 • Advanced Registration $700**

**(30 days prior to event)**

Advanced consultations also available.

The Difference is in the Design.
Reliability and low cost through better engineering

$1995^* 
C2 Plus 6 Channel

$3195^* 
C2 Plus 12 Channel

Up to 4 Channels of EEG:
- Target/Inhibit
- Alpha-Theta
- Percent Power

Multisite EEG protocols:
- Coherence
- Symmetry
- Co modulation

6.4 Hz EEG

Using J&J's unique non-gel ECG:
- Spectral HRV Training (VLF, LF, HF)
- Simple RSA using HR alone.
- Cardio-Respiratory Synchrony (i.e., HR & Resp)

Up to 4 Channels of EMG:
- Relaxation
- Tense-release
- Breathing-release

Multisite sEMG protocols:
- Muscle balance
- Co-contraction
- Dynamic movement
- Pelvic Floor Training

Unique Break-out Connectors:
- Allows EMO, EEG or EEG plus Temp, SC or Respiration

TEMP / SC:
- Allows easy Hand-warming training.
- Use Skin Conductance for arousal relaxation.

Magnetic Respiration Sensor:
RSA & Cardio Respiratory Training
