Psychophysiological Assessment and Treatment of Pelvic Floor Disorders

EEG Info
The Complete Neurofeedback Resource
The Technique is Neurofeedback
The Results are Extraordinary

Neurofeedback has been shown to enhance clinical outcomes in the management of attention, affect, mood, and behavior. Research shows Neurofeedback to be as effective as stimulants in improving performance on continuous performance tests. Moreover, Neurofeedback can help with behavioral dyscontrol, and increase vitality in under-arousal.

CEs Offered* - Presented by Siegfried and Susan Othmer

Four-Day Clinical Course in Neurofeedback

Introduction to Neurofeedback is available as a One-Day Course (qualifies for 4 CEs). Please call for more information.

Siegfried Othmer, Ph.D., BCIAC
Susan Othmer, BCIAC
Neurofeedback pioneers Susan and Siegfried Othmer have been leaders in Neurofeedback training, research, and development since 1985. A majority of today’s practicing clinicians have participated in one or more of the Othmers’ training courses.

Instrumentation Covered:

*At an organization approved by the American Psychological Association, the California Board of Behavioral Sciences (Provider No. 3628), and the California Board of Registered Nursing (Provider No. 14536). The EEG Institute is offering this activity for 32 hours of continuing education credit for psychologists, MFTs, and LCSWs, and 28 hours of continuing education credit for Nurses. The EEG Institute maintains responsibility for this program.

One comprehensive biofeedback solution. One clear choice.

Only one biofeedback provider delivers such a breadth of professional training programs and equipment. Stens offers professionally run biofeedback and EEG certification programs, as well as workshops in Chronic Pain/HRV/sEMG, QEEG, Freeze Framing, and AVE/CES. You’ll learn with the most experienced teachers and train with the most sophisticated equipment. Our courses meet all the didactic requirements for BOCIA. It’s easy to see why there’s only one clear choice when it comes to biofeedback.

5-Day Professional Biofeedback Certificate Program
San Francisco, CA March 18-22, 2006
Minneapolis, MN April 22-26, 2006
Anaheim, CA May 13-17, 2006
San Francisco, CA June 17-21, 2006
Chicago, IL July 22-26, 2006
Cleveland, OH August 19-23, 2006

4-Day Professional EEG Certificate Program
Minneapolis, MN April 27-30, 2006
Anaheim, CA May 18-21, 2006
San Francisco, CA June 22-25, 2006
Chicago, IL July 27-30, 2006
Austin, TX October 26-29, 2006

Application Workshops
2-day Advanced Biofeedback (Pain, HRV, sEMG) March, Sept
1-day Freeze Framing (Apr, May, June, Aug, Dec)
5-day QEEG (May, Dec)

Low Energy Neurofeedback System (LENS)
Multi-Level (Introductory to Advanced) Training
Throughout this training session, attendees will learn the simple but powerful LENS protocols and techniques that use up to 3 1/2-minute treatments, and an average of 13 sessions, to help ameliorate the symptoms of TBI, PTSD, Childhood Developmental and Autistic Spectrum Disorders, Fibromyalgia, Chronic Fatigue, and other disorders.

In-depth discussions include brain mapping and other evaluations, treatment planning, feedback administration, and treatment evaluation.

Multi-level (introductory to advanced) 4-day training

Futurehealth Winter Brain Meeting:
Palm Springs, February 3-7, 2006*

AAPB Annual Meeting: Portland, Oregon, April 6-9, 2006*

* Presented in conjunction with Stephen Lansen, Ph.D.

Full Four days: $750 • Advanced Registration $700**
**(30 days prior to event)
Advanced consultations also available.
